- Teaching opportunities – Our employees are able to hone their teaching skills and gain experience in education.

ACADEMIC POSITIONS

Academic Mentor

Academic Mentors work with students in a structured environment to assist in the effective transition from high school to college and the development of study skills they will be able to use throughout their college experience. Mentors are typically assigned to work with students for two (2) hours per day, four to five (4-5) days per week. Academic Mentors help students structure their daily academic tasks, monitor class progress, and assist with basic study and time management skills. Academic Mentors report to Academic Counselors and Learning Specialists.
