** Schedule subject to change

UT Continuing Pharmacy Education

Page 1 of 3
** Schedule subject to change **

** UT Continuing Pharmacy Education **

---

| 2:30 pm – 3:30 pm | **Sterile Compounding Credit**  
**Sterile Compounding Basics – Part 2**  
**Tiffany Kofroth, CPhT, CSPT, PhTR**  
- Identify quality control and quality assurance procedures that should be performed within a cleanroom environment.  
- Recognize the differences between primary engineering controls.  
---

| 3:30 pm – 3:45 pm | **Don’t be Rash**  
**Kathryn G. Merkel, PharmD, BCPS, BCPPS, BCIDP**  
Clinical Pharmacy Manager  
St. David’s South Austin Medical Center  
- Describe clinical manifestations of skin rashes that appear during febrile illnesses.  
- Differentiate infectious versus non-infectious skin rashes.  
- Summarize the pharmacist’s role in the diagnosis and management of skin rashes.  
---

| 3:30 pm – 3:45 pm | **Rapid Diagnostics and Implications for Antimicrobial Stewardship**  
**Gerard Gawrys, PharmD, BCIDP, BCPS**  
Infectious Disease Pharmacist  
Methodist Hospital San Antonio  
- Understand the clinical relevance of appropriate and prompt antimicrobial therapy.  
- Describe the various technologies currently used for rapid diagnostics in the hospital setting.  
- Recognize the benefits that rapid diagnostic technology can provide for antimicrobial stewardship efforts.  
- Review various methods for implementing rapid diagnostic technology and the challenges to such implementation.  
---

| 3:45 pm – 4:45 pm | **Antimicrobial Stewardship: Regulatory Perspectives**  
**Neesha Thakkar, PharmD, BCPS**  
Pharmacist Clinical Manager  
St. David’s Medical Center  
- Discuss new regulatory requirements for antimicrobial stewardship.  
---

| 4:45 pm – 5:30 pm | **Engaging Frontline Pharmacists in Antimicrobial Stewardship - Panel**  
**Moderator:** **Neesha Thakkar, PharmD, BCPS, St. David’s Med Ctr**  
**Jason Bowling, MD, UT Health San Antonio**  
**Kathryn G. Merkel, PharmD, BCPS, (AQ-ID), BCPPS**  
**Kristi Traugott, PharmD, BCPS, BCIDP, University Health System**  
- Identify and optimize resources available at your facility.  
- Examine educational materials often used in frontline antimicrobial stewardship.  
- Employ a multidisciplinary approach to antimicrobial stewardship.  
---

---

**HOSPITAL PRACTICE SEMINAR**

SATURDAY • JUNE 15, 2019

| 7:30 am – 8:00 am | **Leadership in Pharmacy**  
**Alex Varkey, PharmD, MS, FAPhA**  
Director of Pharmacy Services  
Houston Methodist Hospital  
- Discuss the challenges hospital pharmacy leaders face in the constantly changing health care environment.  
- Describe skill sets, strengths, and other considerations that can help one effectively lead a hospital pharmacy department.  
- Examine different ways that clinicians take on formal leadership roles in the health-system setting.  
- Examine how preceptor involvement in professional organizations impacts the ability to lead residents, interns, and ultimately the pharmacy profession.  
---

| 8:00 am – 9:00 am | **Breakfast**  
**Preceptor Credit**  
---

| 9:00 am – 10:00 am | **Engaging Frontline Pharmacists in Antimicrobial Stewardship - Panel**  
**Moderator:** **Neesha Thakkar, PharmD, BCPS, St. David’s Med Ctr**  
**Jason Bowling, MD, UT Health San Antonio**  
**Kathryn G. Merkel, PharmD, BCPS, BCPPS, BCIDP, University Health System**  
- Identify and optimize resources available at your facility.  
- Examine educational materials often used in frontline antimicrobial stewardship.  
- Employ a multidisciplinary approach to antimicrobial stewardship.

<thead>
<tr>
<th>Time</th>
<th>Session</th>
<th>Details</th>
</tr>
</thead>
</table>
| 10:00 am – 11:00 am | **Hepatitis C: Treatment Considerations for Patients in the Hospital**  | Jordan Mayberry, M.P.A.S., PA-C  
Internal Medicine  
UT Southwestern Medical Center  
- Identify situations that might warrant the interruption of Hep C therapy while in hospital care.  
- Explain harm reduction/prevention efforts that must be considered for patients in the hospital.  
- Briefly describe principles of diagnosis and management of hepatitis C. |
| 11:00 am – 11:20 am | **Break**                                                               |                                                                         |
| 11:20 am – 12:20 pm | **HIV Clinical Pearls for the Inpatient Hospital Pharmacist**           | Dusten Rose, PharmD, BCIDP, BCPS, AAHIVP  
Infectious Disease Clinical Pharmacist  
Dell Seton Medical Center  
- Discuss current first-line antiretroviral therapy and opportunistic infection prophylaxis.  
- Discuss the prevention of medication errors during transitions of care.  
- Identify other tips or therapy considerations (drug-drug interactions) for the care of patients with HIV. |
| 12:20 pm – 1:20 pm  | **Sterile Compounding Credit**                                          |                                                                         |
| 1:20 pm – 1:40 pm  | **Box Lunch Pick-Up / Working Box Lunch**                               |                                                                         |
| 1:40 pm – 2:55 pm  | **New Antibiotics: 2018 and Beyond**                                    | Kelly Echevarria, PharmD, BCPS, AQ-ID  
National Clinical Pharmacy Program Manager for Infectious Diseases  
Veterans Health Administration (PBM)  
- Name and describe recently approved antibacterial agents.  
- Discuss future antibacterial agents within the development pipeline. |
| 2:55 pm – 3:55pm    | **Solid Organ Transplantation: Clinical Pearls for the Hospital Pharmacist** | Joelle Nelson, PharmD, BCPS  
University Health System  
- Identify the therapy that is necessary prior to the transplant procedure.  
- Describe the therapy that is required following the transplant procedure.  
- Explain considerations for long term success and plans for follow-up with patient. |
| 3:55 pm             | **Seminar Concludes**                                                   |                                                                         |

**Note:** Schedule subject to change and has been approved for preceptor education and training for Texas preceptors.
