The Graduate Student Assembly
is the representative voice of graduate students at the University of Texas at Austin.

We are the official body who advocates for graduate students' rights, welfare, and interests to the University administration.

**What can GSA do for you?**

**FUNDING!**
The GSA supports graduate student travel for professional conferences and is responsible for recognizing the work of Teaching Assistants, Assistant Instructors, and even graduate student research!

**CONNECTIONS!**
Not only do we organize professional development seminars to connect you to other scholars and leaders in your field or industry but we also host social events to help connect graduate students from all over campus!

**VOICE!**
The GSA provides a direct link from your concern to the ears and eyes of those that can address those concerns in University administration.

**Why join GSA?**

Without input from GSA, decisions important to the lives of graduate students would be made by administrators and other student organizations that often have different perspectives and priorities than graduate students.

*Your participation helps ensure that all graduate students are heard*

*Take the opportunity to gain unique skills, enhance your resume, build friendships & make a difference!*

**What we’ve done so far:**

We've supported and pushed hard for a Graduate Student Bill of Rights to protect and ensure the welfare of all graduate students on campus.

We've used our connection to UT Austin administration and the Texas Legislature to help make tuition remission tax free!

We've fought hard to make sure there are graduate student voices on university wide committees on topics that affect all of us--like Shared Services.
