Please update your name and address below (if needed) and answer the questions in this booklet.

The High School and Beyond study is funded by the Alfred P. Sloan Foundation and is being conducted by NORC at the University of Chicago. We are surveying individuals who went to high school in the 1980’s to better understand how their education and workforce experiences as early adults have affected their circumstances later in life. This survey takes about 10 minutes, and your participation is voluntary. You may choose to skip any questions you don't wish to answer. Any information you provide will be kept confidential. Only the research team will have full access to your data and know that you were a part of the study. No personal identifying information is ever released to the public, and the information you give will only be used for research purposes.

Thank you in advance for your participation!

This is how we have your name and address:
