

Dear Corporate Representative,

On behalf of the Institute of Electrical and Electronics Engineers: Power and Energy Society at The University of Texas at Austin (IEEE PES-UT)'s, we, the leadership team, would like to invite your company to become a lasting partner of our organization.

IEEE PES-UT is an organization that is dedicated to the following three: 1) Educating our members about the power and energy industry, relevant technology, and potential career paths 2) Introducing students to research, design, and development opportunities of power engineering and energy sources 3) Facilitating connections between our members and corporate partners. The Society's interests encompass all aspects of power engineering including small scale power applications, power grid design problems, and traditional, alternative energy generation sources.

To achieve our goals, we host meetings, workshops, projects, and outreach events for students. Our projects allow students to apply their academic knowledge and gain hands-on experience. At our outreach events, we showcase member's projects to both prospect UT students and underclassmen to demonstrate the benefits of being an electrical engineer. To fund these events, we ask for a donation and your support. By supporting IEEE PES-UT, you will help our society achieve its goals and assist in providing opportunities to our member base, which consists of some of the top students at the University of Texas, to become passionate about power and energy.

Please review our next page for our corporate involvement opportunities. Thank you for your interest in the UT student branch of IEEE Power and Energy Society. It is only through your generous contributions that we can grow and continue to encourage interest in the power and energy industry. Please contact us at corporate.ut.ieeepes@gmail.com with any questions or comments. We look forward to forming a lasting partnership with your company.

Sincerely,

Hamza Mujtaba

IEEE PES Director of Corporate Relations 2024-2025

BS ECE, University of Texas at Austin

Item	Description	Donation			
		Large Company	Small Company*	Government Affiliated	Startups**
Conference Sponsorship	<ul style="list-style-type: none"> Allows students to attend conferences in or near Austin (e.g. SXSW, Grace Hopper, IEEE R5, IEEE PES) 	Full Pass Sponsorship		Donation	
		\$1000 (per student)		Can donate a certain number of passes to a conference	

Company provides food in addition to the event contribution (\$150-\$350)

*Small company is defined as having less than 500 employees

**Startups is defined as having less than 50 employees

†Subject to change

NOTE: Virtual events are possible in lieu of the on-campus experience. Same contributions apply. Food is not required for virtual events.

Government affiliated companies are not required to make an event contribution; however, food catering is encouraged & appreciated.

If you still wish to support IEEE-PES but are unable to make the donation cutoff for an event or wish to make a direct donation, contact corporate.ut.ieeepes@gmail.com. We are always willing to work with our partners for the greatest benefit to both the members and the partners.

If you wish to create some other **combination of events**, please reach out to us and we can accommodate planning unique opportunities to interact with students.

Thank you for your interest and we look forward to working with you.

For more information about our organization, please contact Hamza Mujtaba at corporate.ut.ieeepes@gmail.com.
