

Texas LAUNCH

Linking Actions for Unmet Needs in Children's Health

Developmental Screening Workgroup

Workgroup Goals:

Mid-Term Goals:

- Increase the # of people trained in TX as an ASQ Train the Trainer
- Increase the # of providers administering a developmental screening tool to children
- Increase the # of parents receiving information on developmental screenings
- Increase the # of people completing the THS Early Childhood Developmental Modules
- Increase the # of websites, publications, social media platforms, and organizations where parents have access to information on developmental screenings in the Texas LAUNCH communities.

Long-Term Goals: Develop a system of community organizations, care providers, and social services agencies where parenting programs are providing and promoted.
