

PROFESSIONAL DEVELOPMENT SEMINAR SERIES: TEACHING AND RESEARCH

*Hosted by the Pharmacy Graduate Students
Association*

DR. REBECCA HOWARD

ASSISTANT PROFESSOR,
SKIDMORE COLLEGE

Dr. Howard is currently an assistant professor of chemistry and neuroscience in addition to maintaining a lab investigating drug interactions with neuronal ion channels. She will describe faculty positions at private institutions, where there is an emphasis on teaching and mentorship, and discuss her transition from her postdoctoral position at UT to tenure-track faculty.

Friday, October 16, 2015
PHR 4.114
12-1pm

Lunch provided for current PGSA members
