Meet the Residents!

**Tommy Jiang, Pharm.D.**
Alma Mater: University of Houston  
Residency Site: Austin 8  
Preceptor: James Weems, R.Ph.

Dr. Tommy Jiang attended the University of Houston for his undergraduate education. He then earned his Pharm.D. from the University of Houston College of Pharmacy. He comes with 6 years of pharmacy experience in the community pharmacy. His professional interest include immunizations, diabetes education, oncology, and academia. During his free time he enjoys exploring trails, working on his Jeep, photography, going to car shows, and cooking. **Project:** Interactive Pictograph Counseling Software for Patients with Unknown Literacy and a non-English Language Communication Preference.

**Lumeng Li, Pharm.D.**
Alma Mater: University of Houston  
Residency Site: Austin 30  
Preceptor: Lauren Clark, Pharm.D.

Dr. Lumeng Li is from Houston, TX. She attended the University of Houston where she received her Bachelor of Art in Psychology and her Doctor of Pharmacy degree. She worked as a technician and intern for Walgreens Pharmacy for 5 years prior to joining the H-E-B/UT residency team. Her professional interests include mental health, diabetes, and ambulatory care. During her free time she enjoys making costumes and props, cooking, and playing video games. **Project:** Administration of long-acting injectable antipsychotics in a community pharmacy setting.

**Heather Leung, Pharm.D.**
Alma Mater: University of Houston  
Residency Site: Austin 27  
Preceptor: Amanda Stallings, Pharm.D.

Dr. Heather Leung is from Katy, Texas and obtained her Pharm.D. from the University of Houston College of Pharmacy. Heather’s professional interests include immunizations, transitions of care, and chronic disease state education in the community setting. In her free time she enjoys reading comics, doing puzzles, trying out new restaurants, and spending time with family and friends. **Project:** The community pharmacists’ role in the initiation of opioids in the opioid naïve patient.

**Kelton Peck, Pharm.D.**
Alma Mater: University of Utah  
Residency Site: Austin 5  
Preceptor: Gretta Leckbee, R.Ph.

Dr. Kelton Peck is originally from Southeast Idaho. He received his B.S. in Neuroscience from Brigham Young University. His professional interests include the management of chronic diseases including diabetes and hypertension, immunizations, and the use of lifestyle coaching to promote health and wellbeing. During his free time he enjoys learning new instruments, exercising, and being with his wife and daughter. **Project:** The community pharmacists’ role in the initiation of opioids in the opioid naïve patient.

**Darriell Harris, Pharm.D.**
Alma Mater: Texas Southern University  
Residency Site: Pluguerville 2  
Preceptor: Jennifer Wilbanks, Pharm.D.

Dr. Darriell Harris was born and raised in Milwaukee, Wisconsin. She received her Doctor of Pharmacy from Texas Southern University. Darriell’s various work experiences and rotations ignited her passion for direct patient care. Her career interests include community pharmacy practice management with an emphasis in ambulatory care services. Her professional interests include diabetes, health screenings, and medication safety. Darriell enjoys spending her free time with family, reading, and exploring new recipes! **Project:** Administration of long-acting injectable antipsychotics in a community pharmacy setting.
