

The University of Texas at Austin School of Nursing

PROMOTING HEALTH IN UNDERSERVED POPULATIONS

***St. David's Center for Health Promotion and Disease Prevention
Research in Underserved Populations (St. David's CHPR)***

Center Affiliate Application

Faculty and research scientists at The University of Texas at Austin and from other universities or health care organizations in the State of Texas whose research fits the mission of St. David's CHPR can become Affiliates of the Center. St. David's CHPR affiliates will receive communications about the Center's activities, including invitations to meetings and events. The Affiliates list is a way to find potential collaborators who are focused on health promotion and underserved populations. IF the affiliate is a member of The University of Texas at Austin, they are eligible to apply for a St. David's CHPR pilot grant.

MISSION: The mission of St. David's CHPR is to improve the health of underserved people through applied research. See the website for details:

<http://sites.utexas.edu/chpr/>

We ask Affiliates to add the affiliation to their e-mail signature (e.g., St. David's CHPR Affiliate)

Individuals who are interested in becoming a St. David's CHPR Affiliate are asked to submit:

- A current CV or resume
- Complete the form below listing contact information and a short description of their research interests that fit the Center's mission.

Submit above information to CHPR@mail.nur.utexas.edu
