

EXPEDITED PROPOSAL-ENHANCEMENT GRANT APPLICATION

Each textbox expands as you type.

Principal investigator: _____

Co-investigators: _____

Amount Requested: _____

Title of Proposal: _____

Beginning date: _____

End of funding date: _____

For SDCHPR Staff Only:

Approval _____ **Amount Awarded:** _____

SELECTION CRITERIA: Proposals will be evaluated in terms of their scientific rigor and their potential to enhance the success of a funding application for a major study. Candidates' prior funding history will be a consideration, as will the quality of the project for which *EP-EG* funding is sought. See the [St. David's CHPR website](#) for a description of the *EP-EG* program and its purpose.

APPLICATION PROCEDURES: *EP-EG* applications may be submitted at any time. Please prepare the application on 8.5 X 11" paper, with one inch margins, using a font size of at least 11. Your application should include:

1. a three-page description of the planned project on attached sheets, including how activities funded by *EP-EG* will support the specific funding application, timeline for completing the project, and details on when and where the application for funding for the major study will be submitted;
2. two-page biographical sketch of the principal investigator;
3. detailed budget and justification.

Please assemble in the indicated order and submit an electronic file by email to St. David's CHPR at chpr@mail.nur.utexas.edu.

Applicants can expect notification by email of St. David's CHPR's decision within two weeks of submitting all required materials.
