I have attended FEFU Russia Far East Summer in 2017. I have had the coolest professors in the foreign policy classes, had a great time learning Russian and, best of all, I have met so many lovely new friends. It was a great time!

The Russia Far East Summer School gave us a good opportunity to get to know more about the Russian culture! Not only that, but it also was a great chance to meet a lot of friends from different countries! The teachers were very kind to us!

I really enjoyed discovering a region of Russia which is less known and so completely different from the political center in Moscow. Nature, food and lifestyle in and around Vladivostok offer insights into the huge cultural variety that makes this place so special. FEFU's after-class program made it possible to discover the region through trips into nature or cultural events such as museum visits.
