- 'Showcase Page' – Eyes on Innovation
- Contact
- Marketing and Digital Strategy

Provost Demo

<http://provost.utexas.edu/>

- University Leadership Network Home
 - embedded youtube video
- Faculty Policies & Resources
- Student Success

Lock Icon for EID protected pages

ucomm

- Generated New Icon Set using Icomoon app
 - <https://icomoon.io/app/#/select>
- renamed font family 'icomoon' to 'ucomm' & updated *icon-** classes to *ucomm-icon-** in generated files to avoid conflict with forty acres icons.
- modified CSS for icons added to
~/sites/all/themes/ucomm/css/custom.css (fonts folder placed in css folder as well.)
- To use lock in site: ****

Using Foundation's accordions provost

- Graduation Help Desk page stakeholder requested 'Accordions' for FAQ portion of page.
 - <http://foundation.zurb.com/sites/docs/v/5.5.3/components/accordion.html>
- Used Grunt and SASS in sub-theme folder to import accordion css.
 - <https://wikis.utexas.edu/display/UTDK/Forty+Acres+Theme>
 - located: ~/sites/all/themes/provost/src/scss/build/overrides.scss
 - uncomment '//@import "foundation/components/accordion";'
 - Grunt will generate new overrides.css file
 - copy foundation.accordion.js into your themes /js/ directory from '~sites/all/themes/provost/src/bower_components/foundation/js/foundation/'
 - include foundation.accordion.js in footer scripts via **template.php**
 - use WYSIWIG in source view set to full HTML for accordion code.
