

REPORTING

Reports provide analysis on the overall organization and each breakout area. Types of reports include: full-color executive summaries, data reports, aggregate scores, and dashboard views. Reports are in PDF for ease of distribution and aggregate scores are on spreadsheets for ease of use.

Construct Scores measure various aspects of the organization for a higher level analysis.

Item Analysis provides detailed information on each item along with:

- Benchmark Data
- Level of Agreement
- Standard Deviation
- Total # of Respondents
- Past Scores
