

# Research volunteers needed

Researchers at Dell Medical School at The University of Texas at Austin invite you to volunteer to take part in a study to discover the utility of a new memory screening tool that may help clinicians identify memory and thinking problems easier.

**Qualified participants must:**

- Be 60 or older
- Have a formal diagnosis of mild cognitive impairment (MCI) or dementia
- Be generally healthy and medically stable
- Return for up to 2 study visits
- Be available to complete all study visits within 30-45 days

**Qualified participants receive:**

- \$25 gift card after completion of each study visit
