

POSTTRAUMATIC STRESS DISORDER.

Take a different approach to your treatment.

Monarch

The images depicted contain models and are being used for illustrative purposes only.

Your past experiences may have left you struggling to cope. Are you feeling stuck?

If so, a clinical study is now enrolling to evaluate how effective a study drug is in treating the symptoms of PTSD. Participation in the study will last up to 18 weeks.

You may be eligible to participate if you:

- Are between the ages of 18 and 70
- Have been diagnosed with PTSD

All eligible participants will receive the following at no cost:

- The study drug or placebo
- Study-specific visits, assessments and procedures

Participants may also be reimbursed for some study-related expenses.
