

Graduate Registered Nurse February 2025 Cohort

Our [Texas Health Graduate Registered Nurse Residency program](#) is designed with you in mind.

It's a comprehensive education and training system to transition newly graduated registered nurses like you from students to nursing professionals.

This residency will help you launch your career and gain the experience, skills and confidence to succeed in your nursing career.

What you need for your application

- Resume (please upload as an attachment)
- Unofficial transcripts
- A personal essay (1-2 pages telling the story of a clinical situation that was especially meaningful to you.)

Program Requirements

- Graduate of an accredited school of Nursing
- Current RN license to practice in Texas
- Boards passed prior to starting the program
- Current BLS/CPR Certification for health care providers

A great nursing career is closer than you think!
