

Living with memory loss?

Researchers at Dell Medical School at The University of Texas at Austin invite you to volunteer to take part in a long-term observational study to discover the causes of Alzheimer's disease.

Qualified participants must:

- Be 50 or older
- Have a study partner available to participate in person or over the phone
- Return once a year for a 7-hour visit

Qualified participants receive:

- Study-related exams with healthcare staff and memory tests at no charge
- Compensation for their time
