Join our Roche Global Quality & Regulatory Internship Program

About the program

The Global Q&R Internship Program is a **free summer rotational program** which provides students with the unique opportunity to gain valuable experience within Quality & Regulatory Affairs functions across Roche sites.

Interns are provided 2 consecutive quarters of experience working on high-impact projects and will rotate sites and functions each summer. Students will be placed in Quality, Regulatory, Case Monitoring & Resolution (CMR), or a combination of both.

All intern projects are designed to have high business impact as well as serve to advance the intern's performance and skills required for potential full-time hire following graduation.

Roche at a glance

Roche is a global pioneer in pharmaceuticals and diagnostics focused on addressing unmet human health needs. The combined strengths of pharmaceuticals and diagnostics, as well as growing capabilities in the area of data-driven medical insights help Roche deliver truly personalized healthcare. Roche is working with partners across the healthcare sector to provide the best care for each patient.
