

Erratum for “Experimental Evaluation of the Interaction among Neighboring Reinforcements in Geosynthetic-Reinforced Soils” by Amr M. Morsy, Jorge G. Zornberg, Dov Leshchinsky, Barry R. Christopher, Jie Han, and Burak F. Tanyu

Amr M. Morsy

Assistant Professor, Dept. of Civil Engineering, Cairo Univ., Giza 12613, Egypt; Research Associate, School of Architecture, Building and Civil Engineering, Loughborough Univ., Leicestershire LE11 3TU, UK (corresponding author). ORCID: <https://orcid.org/0000-0002-9335-7847>. Email: amr.morsy@eng.cu.edu.eg

Jorge G. Zornberg, F.ASCE

Professor, Dept. of Civil, Architectural, and Environmental Engineering, Univ. of Texas at Austin, Austin, TX 78712.

Dov Leshchinsky, M.ASCE

Emeritus Professor, Dept. of Civil and Environmental Engineering, Univ. of Delaware, Newark, DE 19716.

Barry R. Christopher, M.ASCE

Consultant, Christopher Consultants, 1 Linda Mar Dr., St. Augustine, FL 32080.

Jie Han, F.ASCE

Professor, Dept. of Civil, Environmental, and Architectural Engineering, Univ. of Kansas, Lawrence, KS 66045.

Burak F. Tanyu, M.ASCE

Associate Professor, Dept. of Civil, Environmental, and Infrastructure Engineering, George Mason Univ., Fairfax, VA 22030.

Two corrections should be made to the paper: Specifically, Eqs. (2) and (3) are incorrect as typed in the paper. Eq. (2), which represents the relationship that is correctly presented in Fig. 7 of the original paper, should be revised to read as follows:

$$\frac{x_{sg}}{u} = 0.17C_i \quad (2)$$

where x_{sg} = horizontal soil displacement at the soil–reinforcement interface; u = reinforcement displacement at the location corresponding to x_{sg} ; and C_i = coefficient of soil–reinforcement interaction. The error in Eq. (2) rippled into Eq. (3) and should be corrected to read as follows:

$$\delta_{sg} = (1 - 0.17C_i)u \quad (3)$$

where δ_{sg} = relative displacement between soil and reinforcement.
